

DRAW A LEAF

Looking very closely at plants can help you tell what they are. Find a leaf in your garden and look very closely. Use a magnifier if you have one.
Draw the leaf below, you could use labels to help explain what it's like...

What
shape is it?
It might be
rounded or
pointed

Is there 1
big leaf or
lots of
small
ones?

What
colour is it?

What size
is it?

What
does it
feel like?

RECORD

PLANTS - SCIENTIFIC FLOWER DRAWING

Now find a flower to draw

How many
petals are
there?

What colour
are the
petals?

Is it more
than 1
colour?

What size
is it?

What shape
is it? It
might be
flat or round

Have a go at finding out what your plants are by looking at the links here: http://www.record-irc.co.uk/c2.aspx?Mod=Article&ArticleID=MyPatch_Links
