

# WINTER TREE INVESTIGATOR

Find a tree and investigate its features to help you find out what type of tree it is.  
Take a photo or draw the features so you can look them up later.

## TREE SHAPE

What shape is the tree? Is it wide, tall, twisted?

## BERRIES

Are there any berries? What colour and shape are they?

## BUDS

Look closely for any buds on the twigs.  
What colour and shape are they?  
Are they sticky?

## BARK

What is the bark like? What colour is it? Is it rough or smooth? Are there patterns? You could even take a bark rubbing.

## LEAVES

Look for leaves that may have fallen from the tree. What shape and size are they?

## AT HOME

Compare your notes to books and the internet to find out what type of tree it is. Have a look on [our website](#) for tips. Don't forget to let us know what you've seen.
